

WALK IN WORLD TRAVEL CLINIC

Derek Clarke provides a travel clinic for all your travel vaccinations and antimalarials without a prescription.

We can administer a range of disease-preventing vaccinations:

- Hepatitis A
- Hepatitis B
- Typhoid
- Cholera
- Japanese Encephalitis
- Yellow Fever
- Diphtheria
- Rabies
- Tetanus
- Meningitis *(including Meningitis B)*
- Tick Bone Encephalitis
- Malaria Tablets

Essential for people travelling to the Middle East for Hajj and Umrah.

Malaria is a life-threatening disease caused by parasites that are transmitted to people through the bites of infected mosquitos. The World Health Organisation estimates that in 2013 malaria caused 198 million clinical episodes, and 500,000 deaths.

TRAVEL SAFELY

Start planning **FOUR to SIX weeks** before travelling
